

Wheel o' Scheduling Assembly Kit

1. Wheel with Pointer

2. Pointer (with extra backing)

3. Backboard

Parts (Provided)

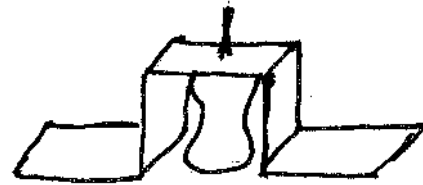

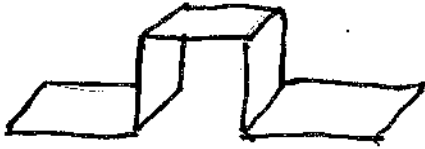

1. Wheel
2. Backboard
3. Pointer

Parts (Not Provided)

1. Mounting place
2. Four push-pins
3. Eraser
4. Tape

Instructions

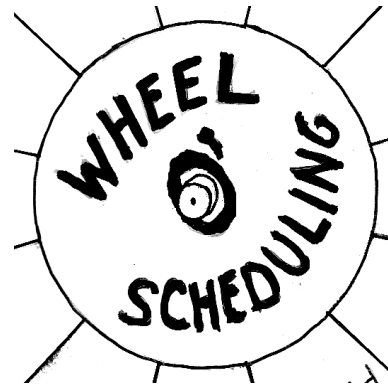

1. Print the page with the Wheel, backboard, and pointer on cardstock paper (or glue onto cardboard).
2. Cut out the Wheel, backboard, and pointer.
3. Fold the backboard.
4. Stick one pin through the backboard.

5. Pin the backboard to the mounting place with two other pins.

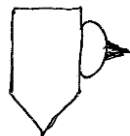

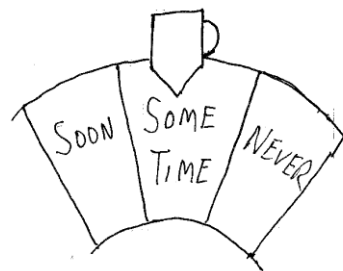

7. Secure the Wheel to the pin using the eraser.

6. Mount the Wheel on the exposed pin.

8. The pointer needs room outside the Wheel. You may use Pointer #2, and fold the flaps back upon themselves.
9. Glue or tape the pointer to one other pin.

10. Pin the pointer to the wall.
11. Tape may be put on the back of the Wheel, to change its balance.
